SELLING HOUSES AUSTRALIA
LIFESTYLE, 8.30pm

GREAT news this week with *Selling Houses Australia's* resident miracle worker — interior designer Shaynna Blaze — de-bloke-ing the judging panel on the new series of *The Block*. She'll be perfect to balance out those two Sydney toffs. Meanwhile, back on *SHA*, Blaze has a challenge in Alice Springs. A house with a near-seven-figure asking price looks like it was furnished by Franco Cozzo in 1986 — including red-velvet wallpaper and a burgundy hot tub. Poor Blaze has her work cut out trying to melt away the decades of bad taste in a few days.
